We compared five laptops by tracking their performance and specifications, including:

- Processor (CPU)
- Number of cores
- Clock speed
- RAM memory
- Storage
- ISA type
- Single-core and multi-core scores
- Overall performance

ASUS VivoBook X571GD

Processor (CPU)	Number of Core	Clock Speed (GHz)	RAM Memory	Storage (SSD/ HDD)	ISA Type	Single -Core Score	Multi- Core Score	Performance Score (passMark)
Intel Core i7-9750H	6 cores	2.59 GHz	16 GB	475GB	64 bite	1123	5497	3015

VivoBook_AsusLaptop TP420UA_TM420UA

Processor (CPU)	Number of Core	Clock Speed (GHz)	RAM Memory	Storage (SSD/HDD)	ISA Type	Single-Core Score	Multi-Core Score	Performance Score (passMark)
<u>Ryzen 5 5500U</u>	6 cores	2.10 GHz	8 GB	512GB	64 bite	661	3252	2885

HP Pavilion Laptop 15t-eg300

Processor (CPU)	Number of Core	Clock Speed (GHz)	RAM Memory	Storage (SSD/HDD)	ISA Type	Single-Core Score	Multi-Core Score	Performance Score (passMark)
ntel Core i7-1195G7	5 cores	1.20 GHz	16 GB	512GB	64 bite	642	1983	1586

HP pavilion x360 convertible

Processor (CPU)	Number of Core	Clock Speed (GHz)	RAM Memory	Storage (SSD/HDD)	ISA Type	Single-Core Score	Multi-Core Score	Performance Score (passMark)
Intel Core i5-9750H	4 cores	2.50 GHz	8 GB	512GB	64 bite	1113	2213	2599

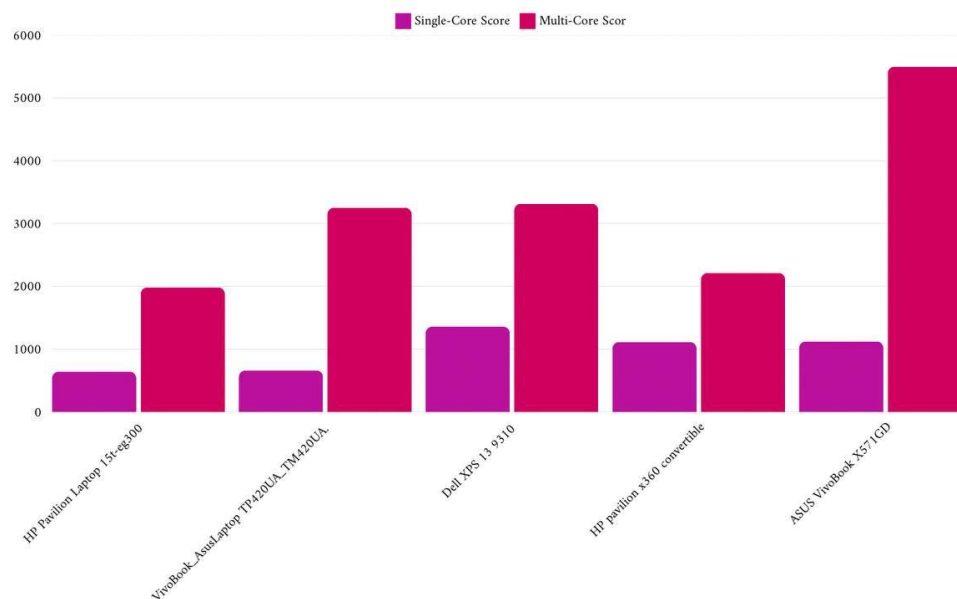

Dell XPS 13 9310

Processor (CPU)	Number of Core	Clock Speed (GHz)	RAM Memory	Storage (SSD/ HDD)	ISA Type	Single -Core Score	Multi- Core Score	Performance Score (passMark)
Intel Core i7-1185G7	4 cores	3.00 GHz	16 GB	1TB	64 bite	1385	3315	2558

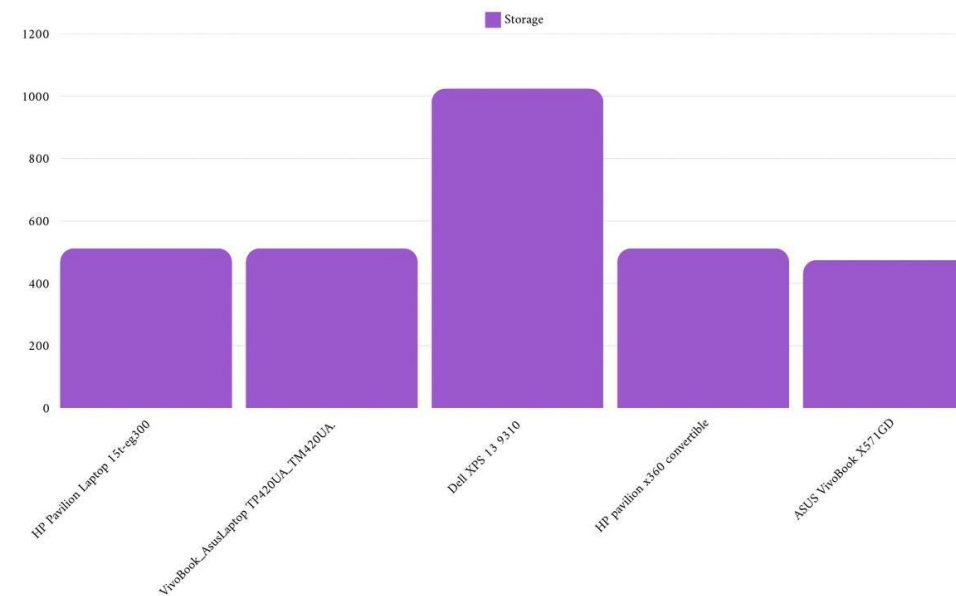

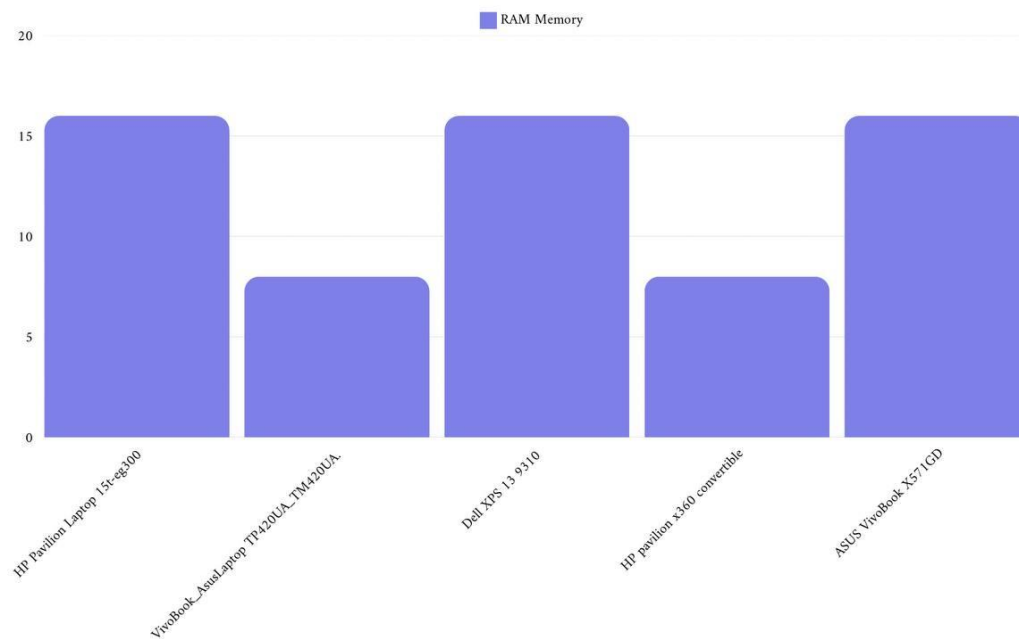

How did we compare the superiority of the devices?

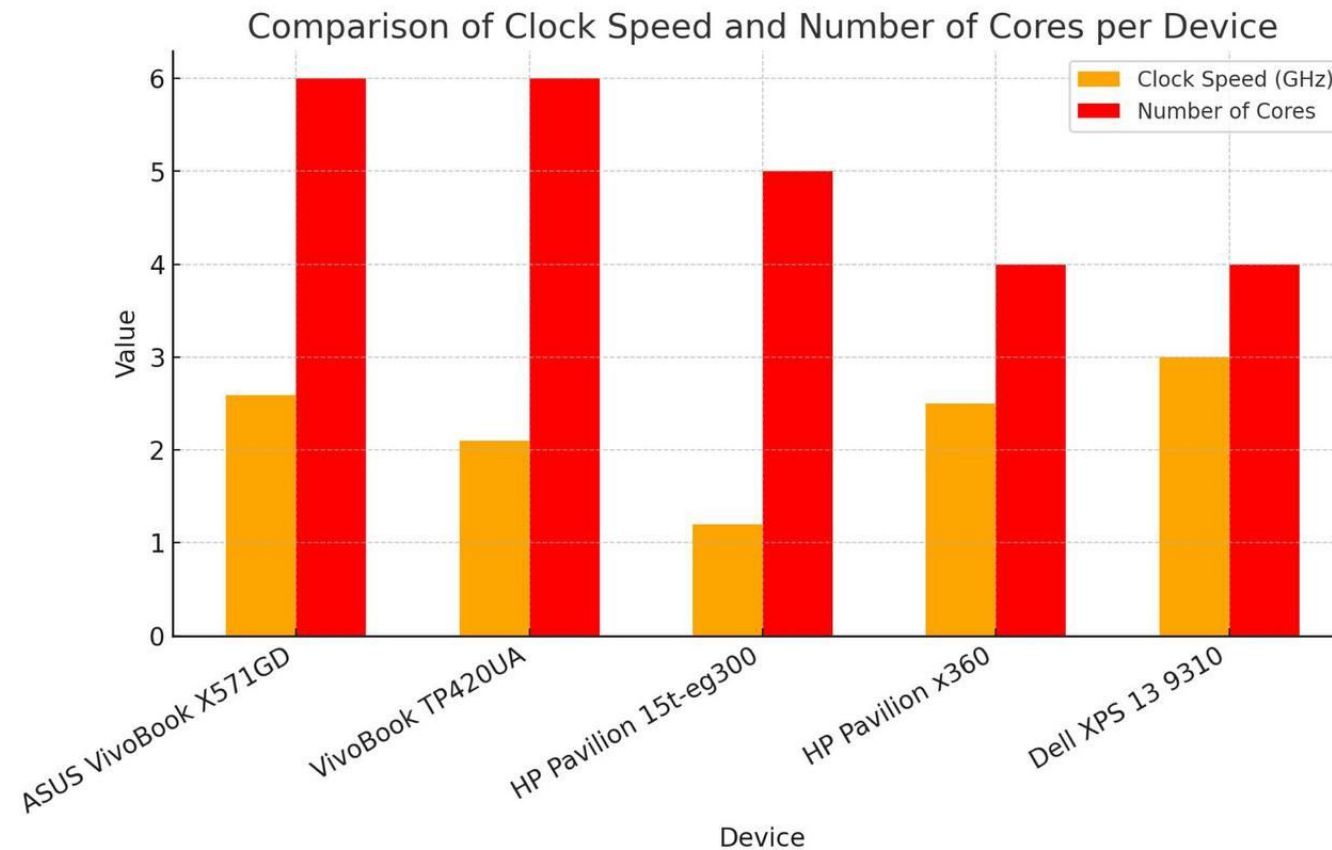

How did we compare the superiority of the devices?

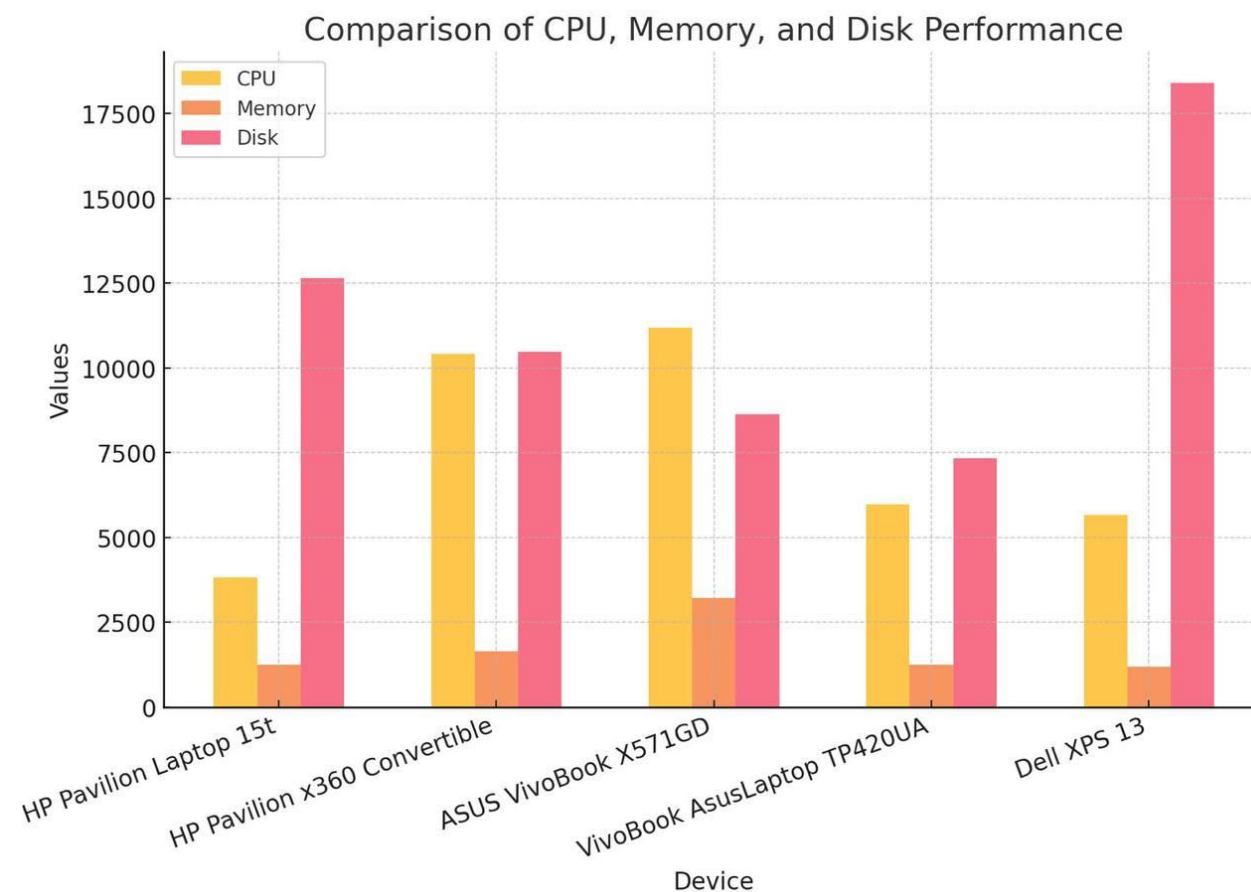

generally comprising the devices :

How did we compare the superiority of the devices?

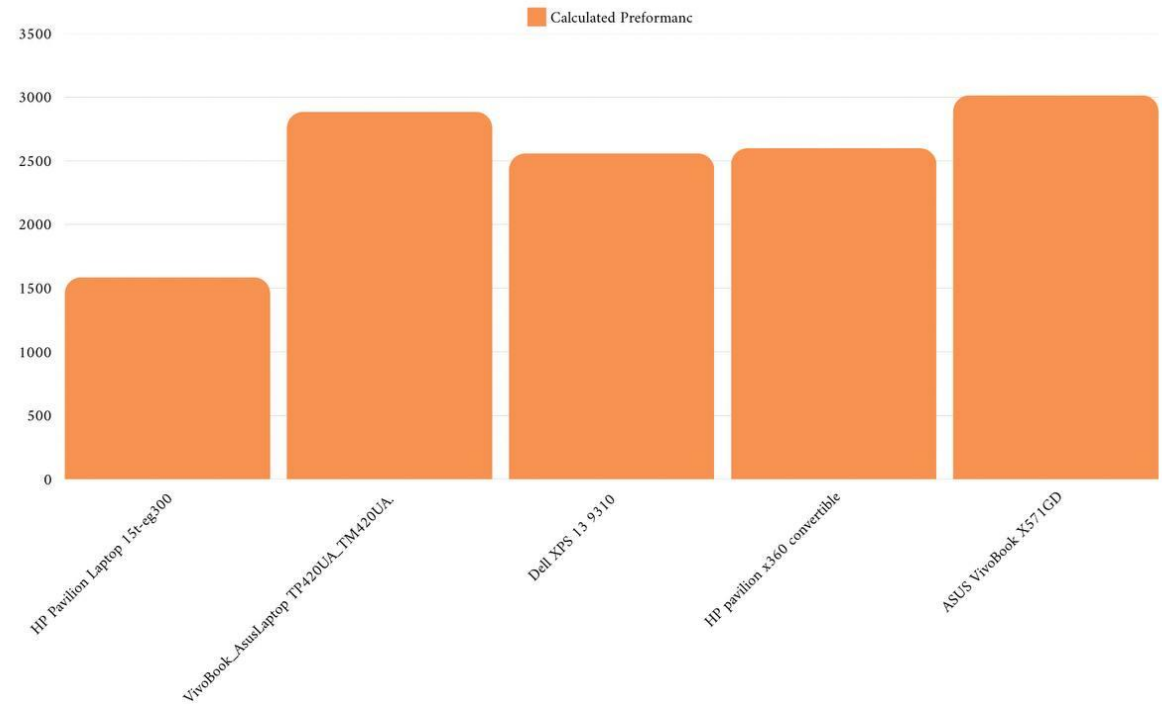

How did we compare the superiority of the devices?

- In comparison, we used the PassMark program to test the performance of CPU, memory and Disk.

Show us a value and based on it has been compared
